## HOW YOU CAN BENEFIT

We provide fun, friendship and intellectual stimulation. For example, our clubs offer such activities such as hiking, book clubs, dining, and while you are engaging in these pursuits your membership fees are making a difference to women and girls in your community, across the country and throughout the world.

Members may join the CFUW delegation to attend the annual UN Commission on the Status of Women (UNCSW) in New York.

**New Century, New Challenges** – we are at a tipping point. The United Nations Sustainable Development Goals (SDGs) provide evidence of the importance of women's education & empowerment at the same time, there is significant backlash attacking women's hard won rights. Through our local, national and international work we will build a nation and a world of educated empowered women.

**We are unique.** There are other organizations that do what CFUW does but few are independent and their voice is often restrained by sponsors, donors or government grants.

Though there are other organizations that offer a variety of interest groups, we also actively work to address structural change to make a difference in the lives of women and girls.

## WHO WE ARE

The Canadian Federation of University Women (CFUW) is a 7,500 + member strong organization of educated women who come together to build friendships, engage in thought-provoking discussions and provide scholarships and fellowships for girls and women pursuing post-secondary education.

## WHAT WE DO

CFUW addresses local, national and international social justice issues; provides heightened awareness among members and advocates for appropriate social policy regarding women's rights and equality.

**We have a 100 year long history** of achievements in ensuring education for women and realizing their human rights.

**We host** engaging, informative speakers, events and activities that enhance lifelong learning.

**We are one of the few women's organizations** to offer a local, national and international opportunity, that is reasonably priced.

*CFUW believes that when provided equal opportunities for education, and when surrounded by friendship and fellowship, our ability to achieve greatness is astounding.*
